He has focused mainly on the different criteria of NAAC and how each institution should prepare and maintain their documents for upcoming NAAC.

1. Plan formulation is very important. Planning should be long-term and decadal and needs to be classified into segments like

- a. Academic plans
- b. Administrative plans
- c. Infrastructure plans
- d. Financial plans
- e. Extension or Social Outreach plans
- f. Quality development of the HEI

2. Plan Execution- Criteria 7 in NAAC and 5 in NIRF. All manuals, newsletters to be thoroughly read between the lines to know what they exactly want

3. Recording of documentation is very important- Documents for every meeting and action taken report of each meeting needs to be maintained.

- Documents for extension Programme and Outreach Activity needs to be properly maintained.
- Outcome of results needs to be prepared by each department after publication of results. A common interaction between teachers and students needs to be done in order to improve their studies and quality of teaching also and an action taken report needs to be prepared according to their discussion
- Documents for each collaboration needs to be maintained (attendance, certificate, MOU)
- Feedback Report from all the stakeholders needs to be taken
- Parent-teacher meeting needs to be conducted and the report should be maintained properly and an action taken strategy should be addressed accordingly
- Departmental Mentor-mentee, if conducted then the documents needs to be maintained properly

4. NAAC basically focused on robust, objective, transparent, scalable, ICT enabled, reduced duration of accreditation process.

5. Core values - contributing to national development, fostering global competencies, quest for excellence

6. Care should be taken regarding the recommendation of the last cycle given by NAAC Peer Team

7. At present the fees of NAAC Accreditation process is doubled

The next speaker of the second session was **Dr. Tushar Kanti Ghara, Joint Director of Public Instruction, State Nodal Officer-AISHE**. He has focused mainly on the utility of NAAC and Why NAAC accreditation is essential for every institution? Regarding scholarship he has mentioned that the details of scholarship recipient can be received from DM office. Regarding the structural and functional aspects of IQAC he has said that every criterion must have their own mail id and the IQAC Coordinator should have the access of it. Each and every document of the criteria needs to be stored in the drive of the specific criterion and the IQAC coordinator will supervise it timely. Report of all the events needs to be maintained properly. Document of departmental committee meeting, students'

profile, and Alumni participation needs to be maintained by the institution properly. Action taken report of issue needs to be prepared.
