Sabujsakhi Club

Sabujsakhi Club is a part of Green Initiative by the college and encourages the students and staff to plant saplings every year through Brikshyaropan in July as a part of tree plantation programme which owes its allegiance to **Rabindranath Tagore's "Halakarshan"(1928)** It also plays an important role in continuous maintenance of the splendid campus with lots of green and a small water body. The shades of the spreading branches of the large Peepal and Mango trees keep the campus cool. All students are welcome to be members of this club
